**Embargo ; Tuesday 11<sup>th</sup> June 2019**

**Lottery Grant for New Ceiling**  
**National Lottery Community Fund has announced a £10,000 grant to Orleton Village Hall for the installation of new lighting and suspended ceilings.**

**The new ceilings will improve the acoustics in the Hall and reduce the heat-loss, whilst installing LED lighting will improve the level of lighting, and both will reduce energy consumption.**

**Management Committee Chairman, Marj Pritchard says:**

***“Orleton Village Hall already has an excellent theatre stage, stage lighting and audio system and the improved acoustics will make this an even better venue for musical or theatrical performances. This magnificent grant from the National Lottery, together with a grant of £2,000 from the Rowland Trust will enable us to undertake this project, which will further enhance the venue whilst also reducing our carbon footprint.***

***With the recently refurbished and re-equipped catering kitchen and large car park, Orleton Village Hall will be one of the finest venues in the whole of the Marches for performances, dances, weddings and family events.”***
